

GSCCC Stakeholder Meeting Highlights
March 24, 2015

Thirty attended the meeting, which was held at DES offices in Concord.

Dan Friehofer of Freifuels briefed the group on gas and diesel prices. The group discussed hedging, contracts that lock in prices, and what fuel prices will look like over the next few months.

Stefan Kuhnel of White Mountain Biodiesel presented on the production of and uses for biodiesel. Much discussion ensued with, several biodiesel fuel and fleet managers providing their experiences.

Felice Janelle, DES Mobile Sources Supervisor, announced the State's electric vehicle charging station incentive. The incentive accepts applications for DC fast charging only until April 4th, at which time the offer will be extended to include level 2 chargers.

Dolores Rebolledo, GSCCC Coordinator, provided a quick update on recent GSCCC events and the annual report number. She reported that 1,747,790 gallons were displaced in NH in calendar year 2014. Meeting adjourned at 11:30.
